The CARROLL RIGHTER Institute

GENERAL TENDENCIES Your time will be occupied by an important obligation this morning, but once you clear it up, you'll have an opportunity to capitalize on some unique ideas and to work on advancement and personal goals.

March 21 to April 19 (ARIES) — Outside associates can be of great help in getting your point across today. The evening would be fine for a discussion with an old friend.

April 20 to May 20 (TAURUS) — Get a troubling business matter straightened out this morning. It may behoove you to involve yourself in community service.

May 21 to June 21 (GEMINI) — There is an opportunity for expansion nearby, but make sure you're considering the right plan. Tend to your health needs today.

June 22 to July 21 (MOON CHILDREN) — Show more affection for your mate. A small but unusual gift would please him or her greatly. Don't be extravagant.

July 22 to Aug. 21 (LEO) — Once you know what is expected of you by your family, do your best to please them. Have a chat with someone who can enlighten you.

Aug. 22 to Sept. 22 (VIRGO) — Be sure to handle an important message smoothly this morning. Be very careful while driving or in motion of any kind today.

Sept. 23 to Oct. 22 (LIBRA) — Don't put off that annoying debt any longer — get it off the books and off your mind. You could really shine romantically tonight.

Oct. 23 to Nov. 21 (SCORPIO) — Invite some friends in tonight and enjoy their company. Be sure your house is in good order, though, and be a charming host or hostess.

Nov. 22 to Dec. 21 (SAGITTARIUS) — Be as constructive and practical as possible today. Handle your correspondence this afternoon, and be happy socializing tonight.

Dec. 22 to Jan. 20 (CAPRICORN) — Look over your property carefully. There is an easy way to make it more valuable and comfortable. Be sure to drive carefully.

Jan. 21 to Feb. 19 (AQUARIUS) — Today is a good day to make use of your fine sense of humor, whether in business or when dealing with friends, but avoid sarcasm.

Feb. 20 to March 20 (PISCES) — A seemingly great opportunity will present itself, but be on guard for hidden strings which are attached. Enjoy your mate this evening.

IF YOUR CHILD IS BORN TODAY ... He or she will have a firm grasp on any new modes of expression, and will have no trouble understanding many forms of artistic expression. Your progeny will have an extremely humanitarian nature, and will spend much time helping others. Your child's profession could take many directions, but much success is apparent. ■
