Now in our 29th year

FESTIVAL ISSUE

JUNE '89

THE MARIPOSA NOTES WELCOMES YOU TO THE MARIPOSA FESTIVAL

Mariposa celebrates its twenty-ninth year of promoting folk arts in Southern Ontario with this, our sixth festival at Molson Park, Barrie. While many of us are too young to remember the summer of 1961, a lot of history has passed under the Mariposa Bridge since that first folk festival in Orillia.

The **Mariposa Notes**, the official newsletter of the Mariposa Folk Foundation, will help celebrate the completion of our third decade with special articles about Mariposa's past, present and future. As well, The Notes will continue covering the greater Toronto folk music scene with radio and club listings, album reviews, regular feature

articles and tidbits of useful information. The Mariposa Notes have appeared over the years in various forms but this current volume has been going for almost two years, published bi-monthly, five times a year. It's mailed to our members as well as media personalities, other folk organizations and government bodies. Free copies can be picked up around Toronto in various clubs and stores but disappear almost as quickly as they are delivered. 2,500 copies is still not enough.

I hope you've had a chance to read a copy. If you wish to see previous issues, they'll be on display at the Info Booth. Ask to have them mailed to your home.

Steve Fruitman - Editor in Chief
