Married couples communicate better than ever in September. Wedding bells ring in December. Your husband smooches in March.

Aries (March 21-April 19): Romance is impossible if you and your lover relate to each other on automatic pilot — be more attentive. Work out the details of a financial proposition. A colleague agrees to do you a favor. You retreat behind a lock. Retirees refuse to allow you to pay your own way. You are exploiting with creative ideas now — admit the lack of influential people. A new friend gives you a gift.

Gemini (May 21-June 21): You are a nervous wreck waiting for the results of an application or audition — try to focus on other things. Spend time flirtations with your spouse or lover. Sprinkle on a luxury item. Good news involves a family member.

Cancer (June 23-July 23): A close friend or neighbor lends you something about which you have been curious. You receive a bargain or windfall on a shopping trip today. You and a romantic partner differ on a matter of taste. Be generous.

Leo (July 23-Aug. 23): Old friends teach you a new skill. You're on an incredibly lucky streak regarding games, money and business. A love interest is touched by your dilemma. Avoid being too dictatorial with family members this afternoon.

Virgo (Aug. 23-Sept. 23): A decision is made in your favor today. Friends and lovers deserve thorough explanations. Avoid spending money on an item until you are sure it is what you want. A relative has a great deal of influence over you.

Libra (Sept. 23-Oct. 23): You can't expect a love interest to read your mind — tell him or her exactly how you feel. Seize an opportunity offered to you rather than waiting for a better one. A bill is higher than you thought. Be open-minded.

Scorpio (Oct. 24-Nov. 21): Friends admire your skill at a game, sport or creative pursuit. Keep a straight face this afternoon, or you'll let the cat out of the bag. Scorch a disgruntled lover. Financial circumstances require some self-control.

Sagittarius (Nov. 22-Dec. 21): A boss or colleague is enthusiastic about your ideas or schemes. Devote as much time as possible to your spouse or lover today. Creditors are insistent. A family member comes to your assistance.

Capricorn (Dec. 22-Jan. 19): Force yourself to concentrate on the task at hand, and you will soon be finished. A love interest reveals great admiration for you. Money you saved up for a rainy day comes in handy. Attend a party.

Aquarius (Jan. 19-Feb. 18): A new friend understands you better than almost anyone. Accept some constructive advice on how to improve a skill. Your spouse or lover is jealous of the attention you lavish on a colleague. Lack of money this evening.

Pisces (Feb. 18-March 20): Keep your spouse or lover informed of changes in your schedule to avoid worry. You would be wise to deposit a windfall in your savings account rather than spend it. Colleagues give you valuable feedback.
