SR Joins 13 State Colleges Oct. 15 To Protest Recent Tuition Increase

Former queen Roz, crowns new queen Pat McKenzie

SR "Festival of Sound" Reverberates In '70

The crowning of Homecoming Queen, Pat McKenzie, at the bonfire Friday night began the "Festival of Sound," Slippery Rock's Homecoming Weekend of 1970 headed by chairman, Nancy Martin. The Queen's court consisted of Brooke Zeigler, Thelma Scott, Susie Semes, and Jan Frederick. Ten girls were selected as finalists by a panel of judges and the queen and her court were chosen by the student body.

A pep rally and cheering contest followed, in which the Slippery Rock Marching Organization was awarded the first place trophy and the Black Action Society was presented a plaque. Receiving special recognition in the contest were the Newman Center and the Alumni group.

Concluding the first evening of Homecoming, the Queen was honored at a dance held in North Hall featuring the "Rhythm System."

The Marching Rockets led the floats, class officers, bands, and the alumni entries in the Homecoming Parade, Saturday, October 26, 1970, at 11:00 a.m. The parade terminated at Thompson Field where Slippery Rock ended their winning streak as they were defeated by Edinboro 24-0.

At halftime ceremonies the awards were announced. As fraternities and sororities were in the same category this year, only three trophies were given. First place went to Delta Zeta, second to Zeta Tau Alpha, and third to Alpha Sigma Tau. The first place for banners went to North and second place went to both Hi-Rise and Harner. The choir was awarded the trophy for the best display.

Also drawn at halftime was the winning number for a student's trip to Texas. Prior to Homecoming Weekend, buttons were sold with each one having a different number. Sue Verminski had the winning button, and she and a fellow student will attend the University of Texas' Homecoming

the weekend of October 2. The second prize of a gift certificate went to Nancy Boselovic.

That evening the annual semi-formal buffet dinner dance was held at Weisenfluh Dining Hall

Seniors planning to graduate in January who have not returned their diploma request cards to the Fees Office should do so by October 15. Cards are available in the Registrar's Office.

Living Standards of Women Examined

On September 28, 1970, a proposal to revise the "Living Standards for Resident Women" was brought before the Student Government Association of Slippery Rock State College. Student Government and Student Affairs began work on the revision last spring and continued through the summer until a 39 page proposal was formulated.

In summary the document advocates standardization of housing regulations for men and women and the creation of a self-regulating hour system for women.

"The proposal serves a two-fold purpose; that is, one, to eliminate discriminatory practices against women students living in residence halls; and two, to provide a more viable educational environment for all students.

Each female student beyond the first semester of her freshman year would be responsible for regulating her own hours for study and leisure. Any woman student who is a second semester freshman (in terms of matriculation) and who has successfully lived within an "hour's framework" her first semester is eligible for self-regulated hours.

The revision proposes a voluntary sign out system for women living under self-regulated hours and the elimination of "late minutes" and parental permission slips.

Student Government is now in the process of examining the proposal. It will be placed on the agenda of the next meeting and voted on. It then must be voted on by Women's Senate, AWS, and Student Welfare. The ultimate approval must come from President Watrel.

Freshmen Candidate Petitions Available

All Freshmen interested in running for the Freshman class offices of President, Vice President, or one of the Representative positions must pick up their petitions

with Vic Desinto providing the music.

Homecoming Weeking came to a close Sunday evening when "The Rascals" and "El Pooks" presented the Homecoming Concert in Morrow Field House.

Thirteen State Colleges Slate Harrisburg Protest

Students from Slippery Rock State College will join with students from the other thirteen state colleges in Pennsylvania in a "State College Day in Harrisburg" on October 15, 1970 to protest the recent tuition increase in the state colleges.

Students attending Slippery Rock State College and other colleges in Pennsylvania have been forced to pay a \$200 increase in tuition fees this year. The increase is the result of the state legislature's failure to appropriate sufficient funds to Slippery Rock to cover the basic operating expenses of the college for the 1970-71 academic year.

"State College Day in Harrisburg" is an attempt by the Student Government of Slippery Rock in conjunction with the Pennsylvania State Association of Student Governments (P.S.A.S.G.) to alert the public and the state legislature of the state colleges' financial crisis, and of the dissatisfaction being felt throughout the state college communities in regard to state funding to higher education.

"The state colleges in Pennsylvania are owned and operated by the state and they must have state support if they are to continue to fulfill their function of providing quality public higher education within the Commonwealth of Pennsylvania," states Jan Osborn, President of SRSC's student government.

"The state government, however, has been negligent in their responsibility to state colleges. The burden of supporting the state colleges should not rest upon the shoulders of the students or their parents, but upon the state legislature."

Members of the college communities will assemble in front of the Capitol Building at 2:00 P.M. October 15. A program for the day will include speakers from various areas of the college community including: students, faculty, administrators, board of trustee members, and alumni. Other speakers will include legislators and parents. The program is expected to conclude at approximately 4:00 P.M.

At a recent meeting of PSASG the objectives for "State College Day" were outlined as follows: (1) to increase Commonwealth support of the state-owned institutions, (2) to improve existing facilities and to expand them, (3) to increase faculty salaries and fringe benefits, (4) to increase non-instructional salaries and benefits, and (5) to increase funding of the scholarship and loan program in the Commonwealth.

Who's Who?

Reviewing of candidates has started for inclusion in the 1970-71 edition of Who's Who Among Students in American Universities and Colleges.

Six students, a faculty member, and an administrator form the committee who select students of outstanding scholastic and leadership achievements, special honors, and service activities.

Recommendations from faculty members and student organizational leaders account for the selection of candidates. Committee members then rate each application and choose the "best" thirty-four to thirty-six nominees to represent the college.

Final decisions on nominations are scheduled October 5 and 6. Members of the committee are Ray Leverknight, Avis Falkenhan, Andy Daniele, Ed Scott, Sandy Zywar, Bill Socrates, Mr. Milton Carless, and Miss Ellen Perrin.

by Tuesday, October 6th, in the Student Government Office in the boiler room. Petitions must be returned with at least one hundred valid signatures per candidate by 4:00 P.M. Friday, October 9th. Freshman students may sign one petition for each office of President and Vice President, and three for Representative. Duplications may invalidate the petitions! There will be a meeting of all candidates with valid petitions at 6:00 P.M. in the Student Govern-

ment Office for explanations of fair campaigning policies. Some dates and times to remember:

October 6th - Tuesday - Pick up petitions on or before this date.

October 9th - Friday - Return petitions by 4:00 P.M. Candidates meet at 6:00 P.M. for further details

Who's Guilty?

One of the most basic principles of the American legal system is the presumption of innocence until guilt is proven in a court of law.

Recently, the judicial system of Slippery Rock State College has violated both the spirit and practice of this fundamental principle in a misguided attempt to protect our college community from criminal activities. The violations are the result of the Student Conduct Committee's practice of suspending students from school and even denying them the right to student teach if they have been charged with a criminal action by legal authorities.

The fact that students who are charged with a criminal offense and whose trial has not yet been brought to court might be innocent of any wrong-doing has not altered or modified the Committee's recent "legal" actions. In its zealous role as the guardian of the community, the Committee has not waited for a fair trial in a court of law for these unfortunate students. Instead, it has proceeded with its own hearings and judgments and so has the college's administration in those cases in which the students are about to student teach.

It should be pointed out that the Committee is composed of students, faculty members and administrators and that none of these people are necessarily evil. It is unfair to require them to decide matters of law and to act as both judge and jury—tasks for which they are neither qualified nor competent to perform. But the structure of the present judicial system of our college has burdened them with such responsibilities.

It should also be pointed out that the students who are brought before the Committee are permitted to have witnesses testify in their behalf and to have an advisor chosen from the college's faculty to represent them as counsel.

But, thus far, the hearings involving cases in which students are charged with criminal offenses, whether on-campus or off-campus, have resulted in dismissal from the school until they are proven innocent!

It is the blatant opposition of these decisions to the very heart of our entire system of law and the fact that the careers and lives of some of our students have been severely damaged before a fair trial has taken place that calls attention to some very significant questions—questions about specific cases, decisions and practices of our judicial system here at Slippery Rock.

We will address our thoughts to these questions in future editorials.

Fulfillment of National Needs Through Militarism

One of the current trends among leftists is to decry the so called "rising Militarism." These people claim that money now used for defense purposes could be used better for domestic programs such as clearing the slums and ghettos of our nation's cities. Surely it is not hard to perceive the superficiality of these claims when one considers that people living in slums should not be thrown into the streets just because Pittsburgh and other cities need more parking lots and athletic stadiums. How absurd can one get?

Since World War II the military has been instrumental in solving many of our national problems. Employing 3.4 million men and women, the Armed Forces have indeed lightened the unemployment burden. Thus, the increase in unemployment from 3% in 1964 with our involvement in Viet Nam to 6% as of May 1970 indicates an urgent need for an increase in the draft call. Besides, the draft has always been a great aid in a young man's education. Many 18 year olds graduating from high school are neither disciplined nor mature enough to endure the rigors of higher education or of earning a living. It is evident that many young men find their salvation in the services of these great United States.

The 1.5 million men and women sent overseas by the Armed Forces increase the quality of life in America as well as in the rest of the world through a highly complex system of cultural exchange. In recent years American culture has been spread to Viet Nam, Cambodia, Thailand and Sweden. We send our boys off provincial in mind and they return (some it is true do stay because they like their new homes) citizens of the world. Isn't the unity and the brotherhood of man our ultimate concern?

Most important for maintaining a large military system is the protection it affords our freedom. With such groups as the Black Panthers and other miserable groups of people rioting and looting the stores of honest merchants, only an armed militiaman or police officer is capable of maintaining the peace and tranquility of our communities. It was the great cartoonist Thomas Nast who pointed out the paradox which Americans have long taken for granted "War power is peace power" or abbreviated, "War is Peace." It is therefore, a considered opinion that the American people should take a good hard look at militarism and arrive at a rational judgment before discarding the military's plans for preserving the integrity of this nation.

Letters to the Editor

Dear President Watrel,

I have become extremely concerned about several situations occurring here at Slippery Rock. These situations involve students having disciplinary action taken against them.

Please explain to me how a student can be brought in front of a disciplinary committee and be found guilty, before he has been found guilty by the state for the same offense. Does the school set up its own laws determining a man's innocence or guilt and disregard the laws set up by the state? Isn't it unconstitutional to punish someone before they are even found guilty in a proper court of law? If a student is found guilty by a disciplinary committee and later found innocent by the state courts, how is the damage already done to him repaired? I would appreciate your concern and help. Thank you

Your Friend,
Mary Jo Spaley

Guest Editorial

By DEBBY REID

During the 17th century, New Englanders engaged in the practice of trial by fire, to determine the innocence of one accused of witchcraft. If, after the accused walked over burning coals, etc., and was not harmed, they were proven innocent. Since then, through the Constitution, one is assured "due process of law." **One is innocent until proven guilty.**

However, at Slippery Rock, it appears this is not the case. One is not innocent until proven guilty, but guilty until proven innocent. In two particular cases, students who were arrested on charges of violating a state law were dismissed from school. As neither has been tried in court, in the eyes of the law, they are innocent. Yet this institution fails to recognize this, denying them their Constitutional rights.

The administration may respond by stating that an arrest constitutes "behavior unbecoming a S.R. student." But who decides what "behavior unbecoming a S.R. student" is? Is it right that one's off-campus behavior be subject to school discipline, as was the case with both students who were suspended? As stated in the *Green and White*, one is not only liable for breaking laws concerning drinking, drugs, etc., but for "altercations," which the dictionary defines as "arguments." Is this right??

The President of the U.S. does not have the power to reverse a judicial decision. But the President of this college does have the power to override the decisions of the judicial board.

The issue is not just one of student rights, but of Constitutional rights. If we're to preserve these rights, we must exercise them. This includes the right to question. It's all summed up in a quote made by a priest who was involved with the Nazi reign.

When they came for the Jews, I did not speak.
When they came for the Germans, I did not speak.
When they came for me, there was no one left to speak.

When will you speak up?

Guest Editorial Catch 23

Catch 23 is not written down in the *Green and White* nor in any other literature of the college. Catch 23's are spontaneous rules and regulations formulated during the ten minutes on the toilet seat or the two minutes of the TV commercial. The people that formulate it are in the power structure of Slippery Rock State College and you are subject to Catch 23, whether you are reading this article as a faculty member or a student. You are not as anonymous as you think you are! What is a Catch 23? Well I'll give you an example of just one of many. Your room can be entered for health and fire reasons by an authorized person. During this entrance anything visually found, contraband, etc., can be used against you in disciplinary action. By coincidence the authorized person on this campus is also a member of the security police.

Catch 23 #2—You are being dismissed for "conduct unbecoming that of a Slippery Rock Student." This is a catchy phrase geared to eliminate the undesirable student. Everyone knows the "desirable" Slippery Rock student appears on campus with a perpetual smile wearing loafers and a cardigan sweater, discussing the metaphysical implications of A, B, C, D, and F. And you faculty members can be ostracized without these catchy phrases. Your terminal contracts mysteriously appear in the mail. How comforting it is to know you were on someone's mind during a 10 minute shit. No, no, honorable faculty members—even playing in the right tennis click cannot save you! Your only consolation is you'll never know who did it or why—but that's the catch: CATCH 23.

It is my firm belief that the laws in the *GREEN AND WHITE* are hard, cold, impersonal laws that show little understanding of students. When a Judicial committee is formed to apply an impersonal law to a student there will always be friction. The people on the Judicial committees are very humane and finally find themselves shackled by laws they are supposed to uphold.

I want to see students and administrators sit down together (without police in the background). I want to see Slippery Rock bettered through the efforts of students. Indeed there is a constructive element backing every protest. This element should be brought out by the administration. I don't want to see students beaten by absurd rules and regulations. Students aren't something one beats but rather something with which one talks. It seems that too often the only chance a student gets to talk to an administrator is when he is in trouble.

James Metar

Rocket Gridders Now 2-1 To Sink the Ship, Saturday

The Rocket football team after dominating two opening games suffered its first defeat to the powerhouse of Edinboro at last Saturday's Homecoming celebration by a score of 24-0. But this could almost be expected as Edinboro has been an amazingly strong team on the gridiron in the past few years.

However this loss will not change our previous attitudes this year at Slippery Rock or put a clamp on future victories. This is evidenced by the clean-up jobs our very powerful team demonstrated the two weeks previous by beating Mansfield State 40-6 and Geneva 39-0. There is still high hope and great enthusiasm of Slippery Rock's winning the Western Conference. That will be proven as the Rock scores many more victories in an attempt to bring home a winner.

The only problem now for Slippery Rock is the fact that our team will be going on the road for three straight weeks and will definitely lose the support and stance gained when playing on home soil. But some loyal fans will follow the team on these trips and root strongly as the Rockets will return on the win column and the winning spirit to defeat Indiana as they did last year, at home on October 24.

Women's Tennis Set at 2-0

Slippery Rock's women's tennis season opened Friday, September 25th. The team, coached by Dr. Haverstick and managed by Pat Hanton, traveled to Edinboro and was victorious with a 5-0 win. Barb Drake—first singles player, and Nancy Ryan—second singles had 6-1, 6-2 victories. Third singles player—Marilyn Braine had an 8-6, 6-3 win. Nancy Shipley and Jane Hower—first doubles and a 6-1, 6-3 victory and Barb Weiser and Peg Braine defeated Edinboro's second doubles with a 6-3, 6-3 victory.

The women's tennis team won its second match of the season against Indiana University of Pennsylvania, 4-1. Barb Drake shut out Kathy Weakland for first singles 6-0, 6-0. Nancy Ryan dropped second single to Chris Hoza 2-6, 2-6. Karen Kennedy pulled through and won third singles 11-9 and 6-4 against Shelley Thomaswick. Jane Homer and Nancy Shipley won the first doubles 6-4 and 6-3 against Carol Sexton and Marianne Moffat. Peggy Braine and Barb Weiser defeated Lynn Jimmo and Ann Wicks, 6-4 and 6-4.

Frosh Strike Back Beat Scots 16-12

The Freshmen football Rockets evidently psyched to get back at Edinboro after their slashing of the Varsity Saturday, Sept. 26, scored an upset over the bigger and more massive Frosh of Edinboro at home this Tuesday, September 29. The final score of this clash resulted in 16 points for the Rock with only 12 for Edinboro's Scots.

Be prepared to see the Frosh in action again heading down victory row as they line up against the Freshmen of Clarion here at home on October 6.

SR Soccer Team Looking For Net

By GEORGE EVERINGHAM
Slippery Rock's soccer team opened their 1970 soccer season on September 19 with a scoreless tie against St. Bonaventure. Both teams displayed abundant talent but neither could gain enough edge on the other to put the ball in the net.

On their second outing Tuesday, 22nd, the Rocket booters dominated the play as they routed St. Vincent 3-0, and the defense gained their second shutout. Junior Jeff Little scored a pair of goals, one in the first period and a second in the final period. Senior Tim Crow also found the range in the fourth period rounding out a great personal performance on his part.

Junior Tom Bluemling and Sophomore Paul Lenowicz shared the position of goalie and each have looked impressive this season.

Our first soccer defeat of the season came on Saturday, Sept. 26, as the Rockets traveled to Shippensburg State.

The defense, led by Ken Evans and Delbert Myers, held off the pounding attack in the first half only giving up one goal.

Stan Cleplinski evened the score for the Rock before the half at 1-1, but the pressure finally took its toll on our defense as they

gave up two third period goals and a fourth goal in the final period. All statistics favored Shippensburg as the Rocket offense was something less than par.

In our most recent game the S.R. booters hosted Grove City, a threat every year. The Rocket's performance was seemingly more than adequate, as we led in all statistics, but the Grovers walked away 1-0 victors.

Neither team could control the ball for long periods of time since the constant hustle created numerous turnovers.

Once again the Rocket defense was outstanding, as was that of Grove City. Tom Bluemling played his usual good game in our goal. Senior Russ Fager continued to lead the halfback line, the mainspring of any soccer team. Russ has a tremendous ability to slow the action down and put S.R. back into a patterned game when other's hasty kicks have created chaos. Junior Ken Evans continued his impressive season at center fullback, and Sophomore Bob Wiemer continued to spark the relatively untried offense of S.R.

The offense has had its moments this year but was unable to find the Grover net. This allowed a single fourth period score to give Grove City the victory.

Get out and see our next home game on Tuesday, Oct. 6, when S.R. hosts their toughest opponent, Alderson-Broadus.

SR

SR Harriers On The Move Again

By STEVE HAMMER

Saturday, September 19, Slippery Rock's cross country team opened its season against Lock Haven and won 27-31. Ed Gralewski won the meet in the course record time of 23:22. The Rockets displayed great depth as well as an excellent first man.

Wednesday, September 23, the Rocket harriers were badly beaten by a strong Grove City team 22-37. Not only did Grove City have the fastest individual, Paul Cameron, but also showed exceptional depth by placing 7 men in the top 10. The Grove City harriers were not physically better, however they did seem to be better prepared mentally as a team.

So the cross country team is 1-1; however, that is only part of the story. There is much more involved in a cross country meet than scores and wins. First, cross country is an individual sport, not a team sport. A team consists of a number of individuals in competition not only with members of the other team, but also with their teammates and themselves. A team is therefore an artificial unit, a non-entity, something made to satisfy certain needs. By looking at the meet from a team standpoint the event is more easily transferred into points, and winners and losers can be named. This is a very simple way of looking at a rather complex competition. In actual practice there is very little "team running." Each individual tries to beat every other individual. Also each individual tries to run his best time regardless of his position in the meet. Only after the running is over can individual places be grouped according to schools and teams for the totaling of scores. Finally, team scoring makes it possible for coaches to be rated easily and precisely: if they win they are good and if they lose they are fired. Little thought is given to the fact that they don't even run.

Girls Field Hockey Looks to Victory

Slippery Rock's Field Hockey Varsity Squad opened its season September 26 at Chatham College. This was a dual match against the Buffalo and Pittsburgh clubs.

Slippery Rock met Buffalo first and the Rockets defense held strong keeping Buffalo scoreless the entire game. Offensively, scoring honors went to Fran Strazulla, right inner, and Susan Myers, left

inner. Each girl scored twice in the game resulting in a 4-0 victory for Slippery Rock.

After a ten minute break Slippery Rock met the Pittsburgh club. Sally Elliott, Slippery Rock's center half, scored the only goal against the experienced Pittsburgh team. This goal proved to be the Rock's only break in the scoring column. The game ended in a 6-1 victory for Pittsburgh.

The girls travel to Ashland College on Saturday, October 3.

ROXY FILM SERIES

Every Wednesday night there will be a film shown at 7 and 9 P.M. The 7 P.M. showing will be followed by a discussion session in the Methodist Church. Admission 50c.

"ASHES AND DIAMONDS is possibly the best film made since the war. It has passion and sweep. The performance of Cybulski in the killer role is magnificent. Masterpiece." New Statesman

Friday, October 2 at 3:15 and 8:00 p.m. the Film Club will present *Ashes and Diamonds* in the World Cultures Building Auditorium.

Polish director, Andrzej Wajda, presents an aborted attempt to block the Communist takeover of Poland, in the waning hours of World War II. Zbigniew Skowronski (Maciek) portrays the young, battle-weary resistance member. Ordered to kill Szczuka (Adam Pawlikowski), Maciek meets and falls in love with a young bar-maid (Eva Krzyzewska). The tired resistance fighter is torn between a tired dislike of killing and an unflinching sense of loyalty to flee cause. Masiek and his partner carry out their orders and mistakenly kill two innocent workers. They are caught and executed in the morning.

Wajda won wide acclaim throughout the world including awards at the Venice Film Festival (1959), British Film Critics Guild (1959), and Vancouver Film Festival (1960).

Shakespeare Film Series

The English department is sponsoring a Shakespeare film series on Monday evenings. The films will be shown in the New Classroom Building auditorium at 8 P.M. Admission—Free.

- Romeo & Juliet—Oct. 12
- Richard III (Oliver's)—Oct. 19
- Henry V (Oliver's)—Nov. 2

Folksinger Townes Van Zandt Warms Up Coffee House

Townes Van Zandt, a slim cowboy-singer-poet from Houston by way of Fort Worth, Billings, Boulder, Oklahoma City and points between, by way of military high school rock'n'roll bands, Elvis, Dylan, Lightnin' Hopkins, orange juice orgies and Muddy Waters, will be performing here at Slippery Rock by way of El Gato and the Coffee House Circuit October 5 through October 10.

One's initial reaction to the appearance of Townes Van Zandt might be, "Oh no, another new sensitive pseudo-poet in comboy boots." But there is nothing "pseudo" about Townes Van Zandt. True, he's got the boots, he's got the sensitive expression, and occasionally, he's got the cowboy hat. But most important, he's got the voice and he's got the songs.

Townes Van Zandt writes much of his own material and deals primarily with the topic of "love; the hopelessness of the human condition, a desire to capture a bit of the truth."

Union Conducts College Tourney

The annual tournaments, sponsored by the College Union, will be held starting October 12, 1970. The winners of the tournaments will be sent to George Washington University to compete in the ACUI-IV Tournament in February, 1971.

An entry fee of \$1.00 will be charged to each participant, plus \$1.50 forfeit fee, which will be refunded if no forfeit occurs.

A general meeting for interested students will be held in the Hut on Monday, October 5, at 7:00 P.M.

This year, the annual bowling tournament will be combined with the bowling intramurals. The top five averages in both the men and women division will also be sent to the ACUI-IV tournament.

Poppy Records has released two albums by this performer, *Our Mother the Mountain* and *Townes Van Zandt*, and a number of singles.

Coffee House Circuit performances are open and free to the public Monday thru Thursday nights. There will be a 25c admission charge for Friday and Saturday night shows.

Tournaments will also be held in the following areas; table tennis—men's and women's singles, and men's doubles; pocket billiards—men's and women's divisions; chess and bridge.

For any additional information, contact the Office of Student Activities, College Union, Room 28, Old Main.
