Feb. 14	District 20 NAIA		9-1 p.m.
Feb. 20	Wheaton Invitational	Wheaton	7 p.m.

ON THE BENCH (Or Were They Bleachers?)

By DOUG OLSEN

As North Central enters the decade of the 70's the sports scene looks hazy for the Cards. To start things off right North Central lost two football players to conference rival Carroll. There are also rumors that certain members of the coaching staff will be leaving in the near future.

For the most part NCC had a decent record in the 60's, except for the last two or three seasons (and this was mainly in football and basketball). The decline of the Cardinals as an athletic power was due to the policy of the college in reference to athletic scholarships. While the other teams in the conference were increas-

ing the athletic budgets and scholarship grants, NCC remained stagnant in their policy towards sports.

It is now very obvious that a football team made up of a majority of freshmen cannot win in a conference made up of experienced juniors and seniors.

I will say no more about the NCC of the late 60's, for Dean Arnold has stated that NCC died during January, and hopefully the old will not be resurrected. A new policy is needed if NCC plans on regaining its status in the CCIW. North Central cannot remain as it is now, but has a choice as to which direction to go. NCC can rebuild its sports program

and increase its enrollment, or it can turn into a purely academic college where the big athletic event of the year will be a sack race between the Physics and Chemistry depts. Which do you prefer? Whatever your view voice your opinion to Dean Arnold and the administration.

NCC is your school, so instead of protesting for closed doors and 24 hour open houses to prove your maturity and responsibility, why not support something that will benefit the COMMUNITY as a whole. SUPPORT ATHLETICS AT NCC!

WONC Will Air Remaining Home Basketball Games

WONC-FM, the North Central owned and operated radio station, will broadcast the Cardinal home basketball games during the second semester. The announcement was made by Richard Obermeyer, Director of Broadcasting and Assistant Professor of Speech at North Central.

The first basketball game of the semester with George Williams College was broadcast Tuesday, February 3. Other games to be aired are those with Millikin University, Feb. 6; Carthage College, Feb. 10; Illinois Wesleyan University, Feb. 14; Carroll College, Feb. 17; and Elmhurst College, Feb. 24. The games will begin at 8 p.m. on WONC at 89.1 on the FM dial.

Van Zandt To Perform In Coffeehouse

The first CUAB Coffeehouse of second semester features Townes Van Zandt, a rambling sometime - singer, sometime - poet from Houston. His music is a mixture of ballad and country, and he sings, and he really means what he's saying.

Townes Van Zandt will be performing in the Coffeehouse in the Cage February 16-21.

Performance times are Monday, 8 to 9:30 p.m.; Tuesday, 10 p.m.; Wednesday, 8 to 9:30 p.m.; Thursday, 8 to 9:30 p.m.; Friday, 9 to 10:30 p.m., and Saturday, 9:30 to 11 p.m.

Admission is 25c Monday through Thursday, 50c Friday and Saturday. CUAB is also sponsoring a series of underground movies on Saturday night at 8 p.m., and admission to both Coffeehouse and the movie is 50c with tickets (otherwise 50c for each).

Illinois GOP Essay Contest Seeks Interns

The Illinois Republican state central committee has begun its second annual search for three qualified college students to staff its Dwight D. Eisenhower Memorial Summer Intern program.

To be eligible, candidates must have completed at least one year of college by June 15, and have at least one term of college remaining toward an undergraduate degree as of Sept. 12.

Applications are to be accompanied by a 1,000 word essay on the subject, "How can we make political involvement more meaningful to our young people?" Rules and entry blanks are available through the NCC Young Republican officers—John Cross, Sue Patrick, and Glenna Carrigan—or Senator Harris Fawell of Naperville.

The essay must be post-marked not later than midnight March 15, and mailed to the Eisenhower Intern Program; Illinois Republican State Central Committee; 200 S. Second St.; Springfield, Illinois 62701.

The three most qualified college students to be selected will rotate among the committee's departments of research, field operations and public relations. While assigned to research, they will be headquartered in Chicago; for field operations and public relations in Springfield.

The three interns will be paid \$750 for the three-month period. The committee will also provide lodging in both cities, if necessary.

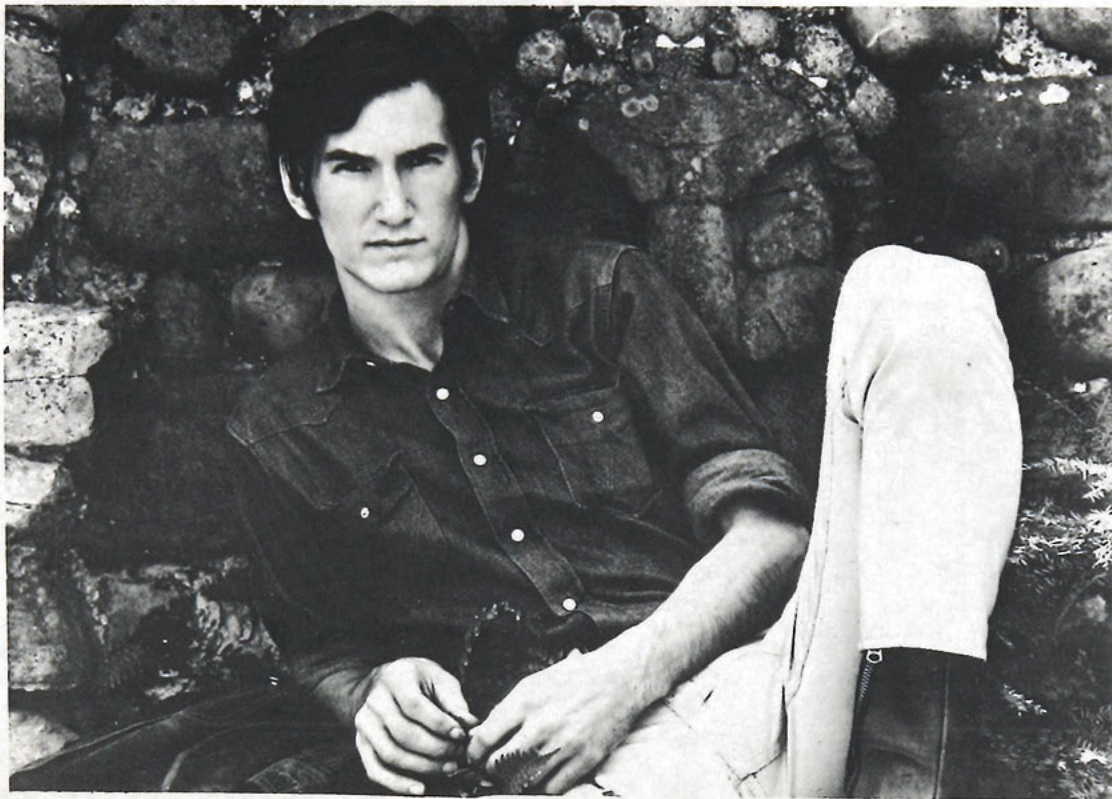

Six runner-ups will be awarded one-month internships at the Everett McKinley Dirksen Congressional Leadership center in Pekin, the summer of 1971 when the center will have opened.

Orchestra Rehearses

The North Central College-Community Orchestra is meeting for rehearsals Tuesday evenings at 7:15 p.m. on the stage of Pfeiffer Hall. The first rehearsal was held February 3.

John Svoboda, conductor of the orchestra, invites all musicians interested in playing symphonic literature to attend. Svoboda said that string players, as always, are urgently requested to consider this opportunity. He said violas and cellos will be especially welcomed, but anyone who plays an orchestral instrument is urged to attend.

The orchestra will present a concert on March 24 and will accompany the North Central College - Community Oratorio Chorus in the performance of the German Requiem by Johannes Brahms on April 19.

Townes Van Zandt will attempt to entertain NCC students during the Coffeehouse Circuit next week. He will perform in The Cage nightly.

WONC Joins Project Phoenix Early

WONC has issued a call to the College Community to use the radio's facilities as a means of enriching classroom and other educational experiences.

In a letter from Richard Obermeyer, Director of Broadcasting, it was pointed out that last year's "focus" project has suggested the increased usage of the station and now that "Project Phoenix" is in full swing it would be an excellent opportunity to do it.

The letter went on to say: The admissions, public rela-

tions and financial aspects of the development program certainly have a significant means of communication with the 3,000,000 people living in the 60 mile diameter area served by WONC. This is the second largest educational FM population in Illinois. This unique broadcast advantage is made possible through a combination of the population concentration in this area and our good fortune to have the second most powerful education FM signal in Illinois (3,900 watts

of effective radiated power). Public awareness of the quality and character of North Central College is important to student recruitment and development. However, the character of the audience we reach is also important to us.

All members of the college community who are interested in working with WONC are urged to contact the Radio Station in Old Main, Phil Duncan, Station Manager, or Mr. Richard Obermeyer. Any and all suggestions are welcome.

CUAB COFFEEHOUSE PRESENTS

TOWNES VAN ZANDT

Singer, Poet

Nightly
In The Cage
Week Nights 8, 9:30 — 25c
(Tuesday Night 10 p.m. Only)
